

NEWS FROM CLIMABOROUGH

Call for tender: 12 applications awarded in 7 cities

Since the start of the project, CLIMABOROUGH has worked in collaboration with the cities of Athens, Cascais, Differdange, Grenoble-Alpes, Ioannina, Maribor, Sofia and Torino, to launch a call for tender to ask innovators to propose climate solutions on various fields.

Twelve solutions have been awarded in seven of our leader cities, with three more currently undergoing the final steps of legal checks. Among the twelve solutions, three are in the process of being contracted, while the remaining nine are provisionally awarded.

Read the decree with the awarded solutions [HERE](#).

CLIMAWEBINARS: Valencia was a huge success

On 26 June, CLIMABOROUGH hosted Beyond Recycling: Waste Prevention in Circular Strategies, an inspiring session within Energy Cities' Annual Conference Grafting Cities in Valencia, Spain.

The 2024 edition aimed to unveil remarkable initiatives that European local authorities have undertaken to “graft” their cities, highlighting the transformative efforts to reshape urban landscapes. What better opportunity to present our pilot cities’ strategies to go from waste to circularity?

Jean-Benoît Bel from ACR+, Mariam Emelien from Grenoble-Alpes Metro, Christina Kalogirou from Ioannina, Davide Miceli from Turin, and Francisca Hipólito from Valencia discussed what waste prevention concretely means and why it is key to reach climate neutrality.

CLIMABOROUGH INSIGHTS

Prijedor, Improving energy efficiency as a first step towards climate neutrality

The City of Prijedor has been an active participant in transition processes in the area of adaptation to climate change for the past 15 years. The topic of processes is the one of the main pillars in the official strategic development documents. Environmental protection is envisaged in particular through the concepts of energy efficiency and climate neutrality.
