JOINT WEBINAR: NEUTRALPATH, CLIMABOROUGH and UTMC discuss Cities Fighting Energy Poverty

The EU projects NEUTRALPATH and CLIMABOROUGH, funded under the Climate Neutral and Smart Cities Mission, organize a first webinar to bring together 19 cities across Europe. This session will see the participation of the Urban Transitions Mission Centre (UTMC).

The session aims to explore and discuss existing challenges and innovative approaches to energy poverty in the participant projects' cities and with the contribution of the cities from Ghent (Belgium), Differdange (France) and Zhytomyr (Ukraine), diving into the links between energy poverty and achieving the climate neutrality goals.

NetZeroCities: Apply to become a Twin City

NetZeroCities, the leading project of the "100 Climate Neutral and Smart Cities" mission, has launched its third Call for Twin Cities. This call is open to all cities eligible for the mission until **October 31, 2024**.

This initiative supports cities not directly involved in the Mission to pair them with existing Pilot Cities of NetZeroCities.

The effort of the selected cities will be mostly based on collaborative meetings, workshops, and site visits,

This is an excellent opportunity for Cities to work together to exchange about their experiences and strategies and move faster toward climate neutrality.
