### Our Follower Cities CALL FOR TENDER

On March 25, CLIMABOROUGH has published a new call for tender **to provide to 5 European cities the services and products corresponding to their needs**.

To this end, ANCI Toscana has launched a call for tender using the instrument of the Innovation Partnership and structured in 5 distinct lots, each worth **240.000 euro** to be assigned to 2 distinct economic operators.

CLIMABOROUGH has worked in collaboration with these 5 follower cities, **Prijedor, Pilsen, Issy-les-Moulineaux, Sofia and Grenoble-Alpes Métropole**, to replicate the process already completed by the above mentioned cities and to ask innovators to propose climate solutions on various fields.

The call for tender is now open and it will close its phase 1 by **May 9 at 23.59 CEST**.

### Where to meet us

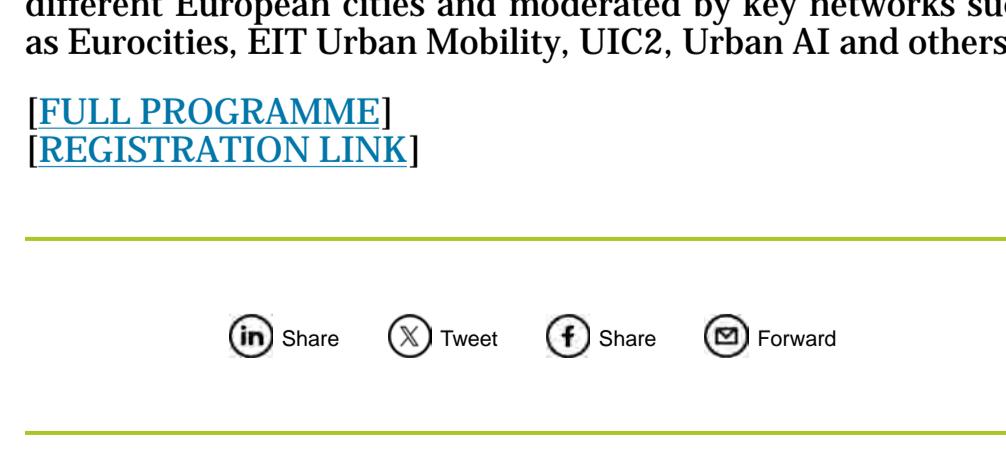

CLIMABOROUGH is proud to announce its participation in the fourth edition of the Cities Mission Conference 2025, taking place in Vilnius, Lithuania from 6–8 May 2025. Under the theme “Harnessing City Successes: Advancing Climate Action for 2030”, the event will highlight the achievements and ambitions of Mission Cities and their partners in the journey toward climate neutrality by 2030.

In partnership with its sister projects, Re-Value and UP2030, CLIMABOROUGH will host a stand (No. 8) and lead a dedicated session on May 7 at 11:00 EEST.

We warmly invite anyone coming to Vilnius to visit our stand, connect with the team, and learn more about how CLIMABOROUGH is supporting cities on their path to climate neutrality.

Don't miss the chance to discover our work, share ideas, and explore opportunities for collaboration!

### Events from our network

The City of Turin, European Capital of Innovation 2024-2025, is pleased to invite anyone to take part in Cities Innovate – Series 1.0, a new series of online city dialogues.

The goal is to bring European cities together to share innovative practices, discuss real-world challenges, and explore scalable urban solutions.

The first webinar kicks off on April 28th, but the series already features 6 confirmed episodes, each co-hosted with different European cities and moderated by key networks such as Eurocities, EIT Urban Mobility, UIC2, Urban AI and others.
